These verses come from Doc's Discovery Books which you may download at my blob site.  
**I teach inductive Bible study methods in these booklets by asking about 6-10 questions in every chapter of the Bible.**  
*Study time is about 15-20 minutes a day. Absolutely great for Family Worship with your kids!*

Each booklet has questions for 7 chapters of the Bible.

It is available in a box of 126 booklets or a flashdrive.

The pdf files from the flashdrive are designed to be printed out, folded and stapled, not designed to be read on-line. Some panels would appear upside down.  
A chapter-a-day would take about 2 years to study through the Bible. 5-days-a-week = 3 years.

100% of NT & 73% of OT [skips genealogies, lists of cities, repetitious parts of prophets]
